EDUCATION AND COURSES

Computer Engineering (Bachelor's Degree), Beykent Üniversitesi	**2019 - Present**
Computer Engineering (Bachelor's degree), Atatürk Üniversitesi	**2016 - 2019**
Turkcell Web Programlama 301 - Javascript *Link*	**Kasım 2020**
Turkcell Web Programlama 201 - CSS *https://gelecegiyazanlar.turkcell.com.tr/kisi/belge/Ahmet3455/Web%20Programlama/201*	**Kasım 2020**

PROJECTS

Movie Search *(Code/Live)*	*2021*

Technologies: JavaScript, HTML, CSS
Features: I developed a React application that can search for movies and add movies to favorites using the OMDb API.

Todo App *(Code/Live)*	*2020*

Technologies: JavaScript, HTML, CSS
Features: In the process of making daily and weekly plans and following them, some use only paper and pencil, and some use frequently preferred to-do list applications. I developed a simple to-do list application with ReactJS.
Other projects on My GitHub Profile.
